For Sale: AMB Tran X260 Rechargeable Transponder

11/2009

Comes complete with both AC cord and Car plug in cord. Hardly used but has been charged regularly. \$250 cash or cashiers check. Cell 952-334-0179 or Work 651-393-2730. billp@weekesforest.com

For Sale: ITS 1995 Del Sol VTEC \$7500

4/2010

This is the 1999 IMSA Motorola Cup, Touring class champion and has always been a race car. It has wonderful handling, brakes, engine and transmission; with a recent comprehensive '07 rebuild of the engine and transmission. This car will do a four wheel drift, like a CRX, except a lot more stable. How many cars can do the carousel at Blackhawk with out braking! (ps its not quicker). I am putting it on the market because I just got a deal too good to pass up on an ITR class Integra Type R. So, it's a \$10,000 ITS car at ITB prices. See full details at plus a really cool video from '08 autobahn at.

For Sale: 1999 Boxster

7/2010

I am the "Original Owner" of this custom ordered 2.5l (201Hp) Boxster with Factory Equipped Sport Suspension; this car really handles well.

The ride is a little firm, and my old bones are starting to feel it, hence it's for sale.

Those familiar with the car know it is primarily driven on Sundays'; at Autocross events!

But don't let that worry you, this is what Porsches are meant to do; drive and enjoy!

Only 53k miles, and well cared for. Stored winters, no salty road driving!

The color is Ocean Blue, original options list included full beige leather, chrome and stainless trim accessories, traction control, and windscreen. Also, a custom fitting car cover from Performance Products.

Included in the deal are 2 extra sets of original Boxster S Twist wheels with well worn tires, a tire trailer, and custom designed hitch for towing your new set of "sticky" tires to events (not included, but I can make recommendations!). You will not find a nicer early Boxster for the money; \$15,000 firm.
